Dear Sir/Madam

Re: **INDUSTRIAL INTERNSHIP: HARARE INSTITUTE OF TECHNOLOGY:
SOFTWARE ENGINEERING DEPARTMENT**

The Harare Institute of Technology offers a four year Bachelor of Technology Degree in Software Engineering. At least eight months of that period students must be on Industrial Internship which is essential in equipping the students with practical hands-on skills to compliment the theoretical knowledge they acquire from this institution. The Industrial Attachment is a mandatory requirement for the fulfillment of the degree program.

It is against this background that the Software Engineering Department is requesting your assistance in securing attachment in your organization for Pupurayi Paula Marisa **H180072B**. Ideally, the internship is from the period from August 2020 to July 2021.

For any further information do not hesitate to contact the undersigned.

Your assistance with the placement of the above student will be greatly appreciated.

Thank You

R. Shonhiwa
Chairperson – Software Engineering Department
